

Layout for Carving a Rosette

Vertical & horizontal lines.

45° Lines added

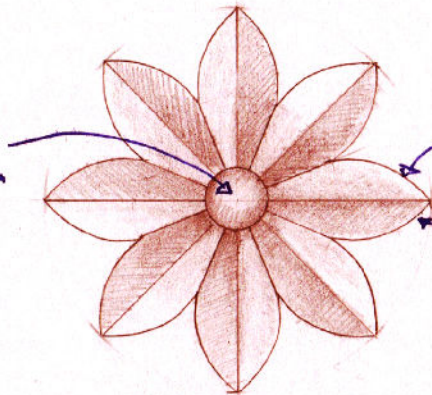

22½° Lines added plus leaf radius 1½" (40mm)

- The Radius for the leaves is 1½" (40mm)
- The button is ½" dia (13mm)
- The midcircle is 9/16" dia (14mm)
- The outer circle is 3" dia (76mm)

Dividing 3" dia (76mm) Circle into 16 equal parts

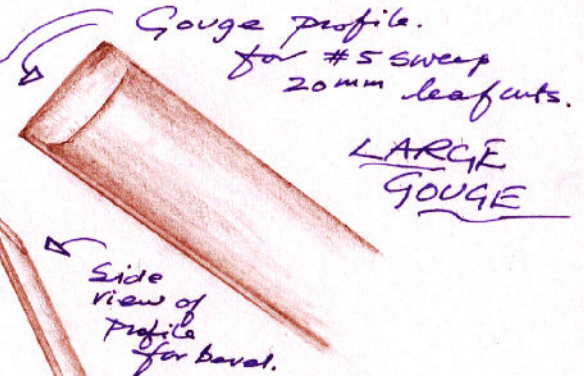

For centre button use #7 gouge 10mm shaped to fingernail.

For leaf use #5 sweep gouge 20mm straight and square across. This shapes leaf end radius. Use the same gouge to scallop inside of leaves.

end-on view

Gouge profile for #5 sweep for 20mm leaf cuts.

LARGE GOUGE

Side view of profile for bevel.

SMALL GOUGE
